Tournament Format as Follows*: Shooting a 72-arrow OR Qualifier Round consisting of 12 ends, 6 arrows per end at the 122cm (colored) target face. Scoring X10-10-9-8-7, etc.. State Awards will be based on the Qualifier Round totals and handed out following completion of the round. Following a short lunch break we will shoot a bracketed head-to-head shoot-off for all interested archers completing the OR Round. The shoot-off is not mandatory, but there will be some additional incentive awards for those finishing in the top 4. Rankings for the OR Shoot-off will be based on your Qualifier scores, all Divisions will be mixed and shooting their respective distances for the Shoot-off. Shoot-offs will consist of 2 ends, 6 arrows/end, high score moves on. In the case of a tie, a single arrow, closest to center, will determine the match winner. The match play will be handicapped so all competitors have an opportunity to win.
